VICTORIA JUNIOR COLLEGE

20 Aug 2020

Name: BennTan

Class: 19S45

2020 Victorian Pioneer Award

Congratulations!

I am pleased to inform you that V-Hack, the team comprising of yourself and Maximus Tan from 19S54 has been conferred the 2020 Victorian Pioneer Award.

The Victorian Pioneer Award was initiated by the pioneer cohort of Victoria Junior College. It is presented to students who embody the qualities of entrepreneurial spirit, boldness and courage for a worthy cause and an innovative mind. The Award is valued at $1000, which is to be shared equally by both members.

V-Hack is recognised for your envisioning and pioneering efforts in driving digital transformation and extending the benefits of computing to your larger community. Your initiatives, namely go.vj.sg, the link shortener and portal, together with the programming workshops conducted have achieved commendable results and impact.

Through your approach, from the conception of ideas to the process of implementation and refinement, you have showed strong evidence of persistence, resourcefulness and creativity. The plans you presented further demonstrated the spirit of enterprise and innovation.

As a recipient of the Victorian Pioneer Award, you should continue to strive for excellence and actively contribute in your capacity as a role model for the Victorian community.

Miss Ek Soo Ben
Principal
Victoria Junior College
